

# Breathe Clean

Persuasive writing is a powerful way to make a difference to air quality. Write a letter to your local councillor or MP expressing your concerns about air pollution and the effect it has on the environment and human health.

Remember to include:

- an introduction setting out the purpose of your letter;
- information about air pollution's causes and effects, which is organised into paragraphs;
- ideas about what you believe should be done to reduce air pollution;
- the use of formal language and air pollution vocabulary.
